

I just wanted to voice my distress at the proposed changes regarding FM broadcasting.

I am a loyal listener of K-LOVE through a local feed.

My family listens to the Christian music offered by K-LOVE and would be greatly affected by the replacement of this station by a local channel with different, less desirable programming.

In the Chicagoland area there is not a large selection of "family-friendly" stations that I do not have to turn off in the car when my children are present. We are losing the only other Christian music station on November 1st and K-LOVE is all we have left. The positive impact of POSITIVE music is a huge public service and can make a huge difference to families who are trying to raise children in a society filled with sexual innuendo and other "not child-friendly" song lyrics. Please reconsider changing the current status! Thank you for your consideration.
